About Us

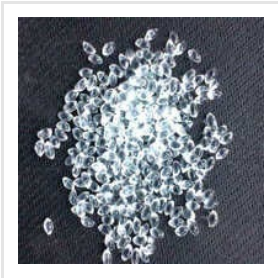

TPU or Thermoplastic Polyurethane is widely used in making various industrial cables, conveyor belt, wires and others. We, 7spectrum Polymers India Private Limited entered the business in 2022 as a trusted manufacturer and supplier of premium quality FR TPU Granules, Crosslinkable TPU Granules, Film Grade TPU Granules, White TPU Granules, Transparent TPU Granules, 90A TPU Granules, etc. Our products are incredibly hard, scratch resistant, and very flexible. Moreover, these products do not crack, chip or shatter like other materials.

We support client requirements with our quality-assured products. We make sure that the gamut is produced with the best quality raw materials with high precision. During manufacturing, we keep good track of the latest technologies and work according to them to cater to the needs of the clients. Apart from this, we offer our products to clients at competitive prices. We strategically plan our pricing structure to make sure it is suitable to clients with different budget restrictions.
